

Dear Parents

**Library Auto Enrolment for Reception Pupils
School Year 2025 / 26**

The Council Library and Archive Service are commencing a project to auto-enrol all Reception pupils into the city library service. This is a great opportunity for the children of our city to be welcomed into the public library service to enjoy all its benefits and get into the habit of browsing, borrowing and taking part in our programme of school holiday activities, including the Summer Reading Challenge.

The project will be rolled out during the autumn term 2025. The objective of the project will be to issue library cards to schools for all children in the city who commence Reception class in September 2025.

Under the General Data Protection Regulations (GDPR) 2018, Article 6, the processing of personal data is permitted where:

'processing is necessary for the performance of a task carried out in the public interest'

The public interest in this instance is to encourage adults and children to make full use of the library service (Public Libraries and Museums Act 1964). By arranging for each child to have a Library Card, this removes a step for parents to take for their children.

We have enclosed details on the next page on how parents can opt their child out of this process, either now, or in the future. If children already have a Library Card, we appreciate that they may wish to opt out.

Yours sincerely

David Percival

Libraries and Archive Services Manager

Library Auto Enrolment for Reception Pupils School Year 2025 / 26

If you **do not** want your child to be opted into the Library Service and issued with a Library Card, please contact the Library Service as follows, **by Friday 24 October**
