

Important Dates and Messages

All children now have a Tapestry account! If you need any help or support, please ask. We love talking about, and sharing what is on Tapestry with the class in our daily news time so please do add anything you would like to!

Our PE days and Library days are to be confirmed and you will receive information about this once it is confirmed.

All children need to bring their book bags and a labelled water bottle to school every day.

Friday 24th October- Last day of the half term

Monday 3rd November- INSET

EYFS Autumn 1 2025

Marvellous Me!

Some of learning will include:

- Settling into Reception class and familiarising ourselves with the daily routines.
- Focusing on forming friendships, taking turns and sharing.
- Beginning to learn the Read Write Inc Set 1 sounds.
- Beginning to blend sounds to read words.
- Learning to read and write our own names.
- Counting and understanding numbers.
- Recognising our own skills and talents.
- Talking about our families and how they are the same and different.
- Learning our school rules.
- Working on our fine motor skills (including pinching our fingers, holding tools and using scissors to snip)

Learning about Autumn and how the seasons change
Creating self- portraits

English:

We are so excited to begin our English learning journey with the children and this half term we will be working hard on understanding the five key concepts about print:

- print has meaning
- print can have different purposes
- we read English text from left to right and from top to bottom
- the names of the different parts of a book
- page sequencing.

We will be starting our Read Write Inc sessions and parents will get more information about this via Tapestry.

We will be practising writing letter shapes, making our hands strong for writing and learning how to blend sounds together to read and write words!

Maths:

In maths this half term we will be doing our baseline assessments to find out what we already know to help Miss Hudson learn more about us!

We will be introduced to Numberblocks, and this will be used daily as a launchpad for the focus learning within each session.

We will be focussing on Spatial reasoning (construction and 3d shapes) and learning to recognise amounts 1,2 & 3 and finding out more about them!
